

ROAD-RACE COURSE MEASUREMENT SCOTLAND

ANNUAL REPORT 2025

Mike Burns
Course Measurement Coordinator
Scottish Athletics

02 February 2026

1. Introduction:

It has been a mixed picture for road-race measurement in Scotland in 2025. The overall level of activity remains fairly high, but some measurers are experiencing a downturn in demand.

The total number of races issued with Certificates of Course Accuracy in 2025 was 227, compared to the figure of 252 in 2024.

New courses measured in 2025 totalled 51, down slightly from 52 the previous year.

At a UK level there have been some changes to the Associations structure and further changes are planned.

2. Responsibilities of the Scottish Athletics Course Measurement Coordinator and AUKCM Course Measurement Secretary for Scotland:

The responsibilities of the SA Course Measurement Coordinator and AUKCM Course Measurement Secretary for Scotland have a significant overlap. The main duties, include, but are not limited to:

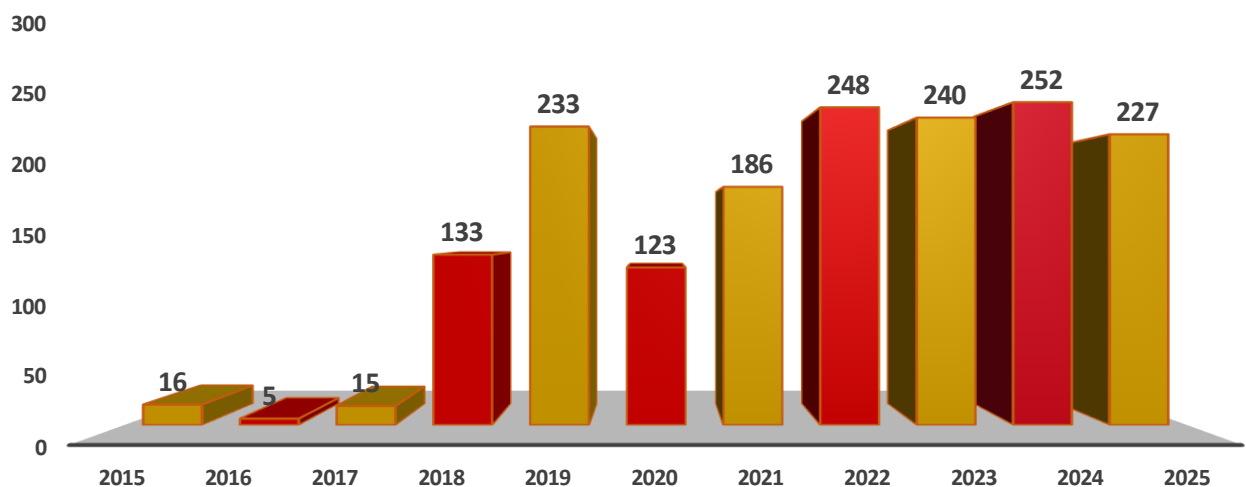

- i. Receipt and validation of measurement reports;
- ii. The Issue of:
 - a. certificates of course accuracy for road races;
 - b. statements of course measurement for off-road (multi-terrain) events;
- iii. Registering all measurement reports received and certificates issued in Scotland;
- iv. Maintaining a register of active accredited measurers and trainees;
- v. Identifying suitable measurers when requested by event organisers;
- vi. Recruiting, training and assessing new measurers;
- vii. Recommending and organising upgrading of Grade 2 measurers to grade 1;
- viii. Advising event organisers and others on measurement matters;
- ix. Appointing accredited Grade 1 measurers to carry out verification measurements if queries regrading accuracy or claims of record times arise;
- x. Attendance at the AUKCM AGM as the Scotland representative, as well as any other meetings as appropriate.

3. Measurement and Certification of Road Races 2016-2024:

Certificates issued 2016-2025:

Year	New Courses	Renewals	Total
2016	5	0	5
2017	15	0	15
2018	101	32	132
2019	105	127	232
2020	18	105	123
2021	17	174	191
2022	42	206	248
2023	54	186	240
2024	52	200	252
2025	51	172	227

**Certificates of Course Accuracy (new and renewals)
issued since 2015**

Annex 1 lists all Certificates issued in 2025.

4. Membership of AUKCM:

As of 31 October 2025, the Company had 58 subscribing (full) members. Full members have all rights provided in the company articles, including voting rights at general meetings.

Only 3 of the 10 accredited measurers in Scotland are full members of the Association:

- Mike Burns, Peter Rudzinski and Robert Taylor.

All other members are classed as Associates and will receive notices of meetings and general circulars but have no other rights of membership, including the right to attend and vote at general meetings.

Should other measurers wish to sign-up as full members, they can complete the form at Annex 5 and return the form to me at AUKCMScotland@gmail.com. In signing up as subscribing (full) members, the only commitment is an undertaking, “to contribute such amount as may be required (**not exceeding £1**) to the Company's assets if it should be wound up while he or she is a member or within 1 (one) year after he or she ceases to be a member for payment of the Company's debts and liabilities contracted before he or she ceases to be a member and of the costs, charges and expenses of winding up and for the adjustment of the rights of the contributories among themselves”.

The AUKCM database continues to show that there are 18 registered measurers in Scotland, of whom 10 are active (see Section 8). The remainder are trainees (5), retired (2) and inactive (1). Of those listed as trainees I have been in contact with 3 of them in recent months. One wishes to complete the training process, and I will be arranging a final training session in the coming weeks. I will be contacting the others again 5 to check on whether they intend to continue/recommence the training programme.

A full list of those on the database is at Annex 2.

5. Association of UK Course Measurers (AUKCM) – cross-border issues:

It has been a turbulent year for AUKCM with a few controversial issues arising along with changes in the management structure.

Policy Issues:

Website: The existing AUKCM Course Measurement website has long been in need of a major revamp. Much of it is out-of-date and it is not user-friendly.

Early in 2025 England Athletics (EA) offered to take its administration in-house and undertake a wholesale revision of the website. At the AGM in November 2025, it was agreed to undertake a review internally (within AUKCM) but taking account of EA planned changes to the race licensing and certification arrangements for England.

Possible AUKCM Scotland website: Although it has been acknowledged that the proposals for England might not be appropriate for Scotland (or Wales) it was unclear

how this might be catered for in any new arrangements. Discussions are continuing, but, in the meantime, I am looking at the development of a separate website for AUKCM in Scotland, should it be unable to incorporate our requirements into the proposed changes in the current website.

An early draft of my proposals was circulated, without my consent, to a few members of the Board of Directors, who latched on to this as indicating plans for AUKCM in Scotland to break from the UK structure, involving, among other things, excluding England based measurers from undertaking measurements north of the border.

I have sought to alleviate these unfounded concerns, but there remains some limited hostility to any proposals for Scotland to take any differences in approach to the proposals for England.

Training: After over 3 years of development work on revising the AUKCM on-line training materials, much of that work was unilaterally scrapped during 2025 by Brian Porter who was appointed to coordinate the training and recruitment of new measurers (see section 6). The revised provisions have yet to be fully implemented and assessed.

Management Structure:

Hugh Jones resigned as AUKCM chairman at the end of 2024 and his place was taken by Colin Tether (previously Midlands Area Secretary and now based in London). Colin stayed in post for only one year and resigned at the AGM in November 2025.

Mike Burns, who had been AUKCM national secretary for 4 years, also resigned in 2025 and his post was taken by Colin Tether.

Taking over as chairman at the 2025 AGM was Brian Porter, who (since 2024) has also been responsible for the UK coordination of training. How these two roles can be reconciled, given the independent role of the chairman in policy issues.

Brian proposes to open all meetings to both full and associate members and to hold future AGMs on-line, although neither are currently allowed under AUKCM rules and Articles of Association.

6. TRAINING:

- a. **Review of on-line training modules:** Despite three years of work in revising the on-line training materials, completely new procedures have now been proposed. I have yet to see how these will be implemented nor have I had the opportunity to assess their suitability.
- b. **Managing the processing and assessment of test papers for measurer accreditation:** All training arrangements are now in the hands of one individual. Whether this will prove to be effective has yet to be judged. In the meantime, I will continue to make separate arrangements for the training and assessment of trainees in Scotland.

7. Unlicensed Races:

There is a continuing problem with unlicensed, high-profile races. In 2024/25 the following race promoters were identified

Among those organisations identified as hosting unlicensed races are:

Up and Running Events:

Up and Running Events was registered as a company in May 2022. The sole director is Sam Hayman. The company continues to stage a wide range of unlicensed events.

Fix Events UK:

This organisation stages races throughout the UK, bt those stage in Scotland are neither measured nor licensed.

Eventfull Management:

Eventfull Management continues to stage events that have not been officially measured and are not Scottish Athletics licensed.

There is no obvious solution to this continuing problem. Currently we are declining to undertake measurements for unlicensed events. An alternative approach is to charge a commercial fee for undertaking measurements of unlicensed events although Certificates of Course Accuracy will not be issued to these events.

An appropriate scale of charges might be:

Marathon	£400-500	Plus: • travel time and costs • accommodation and meals • preparation time and report writing A minimum of £30 per hour for all measurement associated activity should be considered.
Half-Marathon	£300-400	
10 Mile	£250-350	
10k	£200-300	
5k	£150-250	

8. Measurement Charges:

Revised national guidance on the level of charges and expenses that measurers may apply to race measurements was issued in June 2024. The guidance is currently under review to reflect recent cost increases.

9. World Athletics (WA) Certification of Races:

The following races in Scotland have received World Athletics certification:

Race	Certificate Issued	Valid Until
Loch Ness Marathon	29/08/22	31/12/26
Stride Athletics Flat n Fast 5k	11/03/25	31/12/29
Great Scottish Run HM	22/09/25	31/12/29
Great Scottish Run 10k	22/09/25	31/12/29

10. AUKCM Accredited Measurers:

There are currently 10 qualified and active measurers in Scotland. The current list of measurers is:

Grade 1:

- Mike Burns: Shetland (World Athletics/AIMS Grade B measurer);
- Adrian Tarit Stott: Edinburgh;
- Les Hill: Dumfries; and
- Paul Hughes: Forres.

Grade 2:

- Jason Blagden: Orkney;
- Campbell Joss: Glasgow;
- Peter Rudzinski: Clydebank;
- Robert Taylor: Grimsay;
- Ronald John Maclean: North Uist; and
- Ken Walker: Limekilns.

11. Liaison with Scottish Athletics:

My main contact with Scottish Athletics is through the Events Team and this continues to be largely through email and telephone.

I am grateful to the Team:

Alasdhair Love	-	Head of Competitions
Caitlin Watt	-	Competitions Manager
Sophie Allan	-	Competitions and Business Administrator

for their help and support throughout the year.

12. Conclusion:

2025 ended with a number of outstanding issues remaining to be resolved. Among the most important are:

- Implementation and assessment of new training regime.
- Measurer recruitment and training in Scotland.
- Increasing the number of WA accredited measurers in Scotland.
- New AUKCM website and its fitness for purpose.
- Feasibility of establishing an AUKCM Scotland website, complementary to UK website.
- Procedure for the renewal of Certificates of Course Accuracy.

Further work is planned in 2026, covering:

- Measurement charges and fees.
- Long-term, secure storage, at UK level, for measurement reports.

One remaining issue is that of succession planning. During 2025, I stated my desire to step down from the roles of AUKCM Course Measurement Secretary and that of Scottish Athletics Course Measurement Coordinator. Despite asking Scotland based measurers for a volunteer to take over these roles, no offers have yet been forthcoming. I have therefore offered to continue in post until we can make suitable alternative arrangements.

At the age of 75, and having been active in road racing, in one form or another, since 1982, I think it important for someone else to take on these roles in order to ensure continuity in Scotland. I will therefore continue to work with Scottish Athletics to put in place suitable arrangements for the future.

MIKE BURNS
Course Measurement Coordinator, Scottish Athletics
AUKCM Course Measurement Secretary, Scotland

02 February 2026

Association of UK Course Measurers

A company limited by guarantee (Reg No: 10585713)

Application for Membership

[Name]

[Address]

I apply for admission as a member of the Company under the Company's memorandum and articles of association.

I undertake to comply with the Company's articles of association from time to time including in particular the guarantee given by each member of the Company under Article [6].

I consent to the Company entering my name and personal details in the relevant statutory registers and to receive notices, documents and other information by electronic means or in electronic form.

[Email address]

[Signed]

[Date]

Please return Application to the Course Measurement Secretary - Scotland: Mike Burns, Bayview, Hoswick, Sandwick, Shetland, ZE2 9HL, or by email : AUKCMSScotland@gmail.com.

Article 6. Members' Undertaking. Every member of the Company undertakes to contribute such amount as may be required (not exceeding £1) to the Company's assets if it should be wound up while he or she is a member or within 1 (one) year after he or she ceases to be a member for payment of the Company's debts and liabilities contracted before he or she ceases to be a member and of the costs, charges and expenses of winding up and for the adjustment of the rights of the contributories among themselves.
